# CHAIRS

Sturdy, solid chairs that are designed to last are available in different shapes and sizes to choose from. These are built to endure the occasional chaotic nature of the cafeteria!

# CROTCH

Our CROTCH Chair has a beautiful linear look, taking inspiration from classic Scandinavian design. The seat shell is made from a durable, rigid polypropylene mould, and sits on top of metal legs, that are cleverly designed to look like solid wood. The end result is a very durable chair, that can stand up to heavy daily commercial use, or simply at your home around your dining table.

• • •

## DIVE

A sleek designer chair with a plastic moulded seat and sharp yet strong solid wooden legs, DIVE has a modern design that will escalate the overall appearance of your cafe and blend with other furniture pieces. The chair provides a slightly curved back rest to follow the natural curve of the back for adequate comfort. The chair is also stack able to save space when not in use.

## CAFF

CAFF chairs are dynamic enough to integrate with any decor theme besides which, they add a dash of contrasting interplay to the space they are placed in. With backrest designs and colours that look cool, interesting and are most notably, cosy, CAFF chairs blend and brighten the space instantaneously.

# SMILE

SMILE has a round edge seat and elegant shapes, nicely compliment by the highly recognizable spoke back. This design is an iconic find of vintage design, which gives it a great appeal and will definitely make it the eye-catcher in the decor.

• • •

# WING

The contemporary stacked chair is constructed with a polypropylene shell and a chrome base and frame. To prevent scratching of hard surfaces, the chair is equipped with floor glides. Its design includes a waterfall seat that is ergonomically designed to encourage healthy blood circulation, and a contoured back.

• • •

## LEAF

This forest-like chair LEAF provides a modern-day touch with the woodsy sense of a little grove of trees in space. Elaborate cut-out layout of the chair is ideal around a minimalist table or simply as a standalone chair in an cafe space. Stunning Little Plastic Faces for any type of exterior and interior. Ideal for an extra seat in the workplace or in your home or in any cafe.

## RIO

When mid-century influence meets modern design, you get pieces like this RIO cafe chair. The moulded plastic seat is comfortable and more style-forward than you ever thought plastic could be. Easily stack able so can be kept extras. Mix and match with any style of a table to create the perfect look.

## SPACIO

This SPACIO chair has a fresh and contemporary design, making it easy to create a stylish and chilled out cafe space. It features smooth elegant curves and softly rounded edges for a modern look. The chair is built to be as comfortable as they are stylish, with a supportive and stack able frame.

## COPSE

The COPSE chair is making statement for comfort with it's eggshell curve design, curve adjustment of the human body back, comfortable Stable support structure design, more powerful support. The integrated curve backrest fits ergonomically to fit the body curve.

# CANARET
