ADAPTABLE

Who we are

We are a 15 years young organisation that conceptualises, designs, manufactures, and delivers modular furniture solutions across the country. All our products are manufactured sustainably in India, with clients in the remotest part of the nation.

We are on a quest to deliver maximum value to all our clients and partners by delivering research-backed ergonomic furniture solutions in the shortest delivery span across the industry.

Having built a mammoth scale of manufacturing with the most advanced technology and equipment available across the globe, we feel humbled to share that the biggest assets we possess are our employees and clients. Starting from design and manufacturing to product delivery and installation, we provide customisation capability to suit our clients' business needs and lead with empathy while delivering end-to-end furniture solutions to the major corporates (Fortune 500), educational institutes, government and private institutions, and more.

Content

Single

This desk frame is a timeless option suitable for both home and office settings. It offers stability and versatility with its adjustable heights. Being the most sought-after model in its category, it seamlessly blends contemporary design with outstanding functionality.

Dual

With its integrated face-to-face design, this desk offers enhanced stability, featuring independently adjustable sides. It is particularly well-suited for creating an organized office environment with a consistent workstation layout. A range of screen board styles are available, allowing you to add privacy as desired.

120°

Striking the ideal balance between collaboration and privacy, this Y-shaped three-cell workstation at 120° angle is perfect for promoting efficient teamwork. It facilitates seamless communication among three individuals while ensuring each person retains complete control over their own desk.

L-Shape

Designed for open spaces or independent office rooms, this desk offers larger table tops, ergonomic accessories, and the ability to handle higher loads thanks to its three stable lifting columns. It is resilient enough to tackle almost any complex task in the office environment.

Cabin

Experience versatility and comfort with the Cabin Height Adjustable Desk. Effortlessly adjust the desk's height to cater to your preferred working position, whether sitting or standing. Its sleek design and sturdy construction provide a modern and durable workspace solution.

ADAPTABLE

Stand Tall Sit Smart

Welcome to our height adjustable desk world, where innovation meets functionality. As we continue to move towards a more health-conscious society, the need for ergonomic furniture has become increasingly prevalent. Height adjustable desks provide an effective solution to combat the negative effects of prolonged sitting by allowing users to switch between sitting and standing positions throughout the day. Our collection offers a variety of options to fit any workspace, from sleek and modern designs to classic and traditional styles. Whether you're a professional seeking a more comfortable work environment or a student in need of a study space, our height adjustable desks are the perfect addition to any home or office.

Yes

Width (mm)
1035-1735

A single height adjustable desk is a versatile workspace solution that can be easily adjusted to accommodate different users. With a simple mechanism or electronic controls, the desk can be raised or lowered to the desired height, promoting proper posture and reducing strain on the body. It offers flexibility for individuals who prefer sitting or standing while working, allowing them to switch positions effortlessly throughout the day.

Dual HAT

Sit-to-stand boosts office health

Adaptable is a sit-to-stand table that seamlessly blends an elegant form with an efficient design. It makes transitioning from sitting to standing and vice versa a natural part of your daily routine. This height-adjustable desk is equipped with all the features you could possibly want, including intuitive height adjustment, cable management, and a durable and long-lasting build. Additionally, our comprehensive warranty guarantees the life of your standing desk. By pairing Renew with a top-quality office chair, you'll have access to a full range of supported movement, allowing you to remain active and healthy during work hours.

Sit, Stand & Thrive

Wire Management

The power cord, which is safely connected to the ground, travels through designated routing columns and beams to supply power to the extension desk. The wires are completely concealed within the structure. The routing beams have pr-reserved 86mm x 86mm socket holes on their side surfaces, with a maximum of three sockets available on each side. Furthermore, the lifting motor and power strip wires can be conveniently stored inside a snake tube.
